2. Choose any one subject being taught today. Evaluate it and suggest suitable modifications to make it appropriate and holistic.

#### **Home Work:**

Choose any one subject being taught today. Evaluate it and suggest suitable modifications to make it appropriate and holistic.

#### **Expected outcome:**

The students feel confident that they can understand the whole existence; nothing is a mystery in this existence. They are also able to see the interconnectedness in the nature, and point out how different courses of study relate to the different units and levels. Also they are able to make out how these courses can be made appropriate and holistic.
